Table of Contents

Algorithmics and Programming

Baszuro P., Swacha J.
Rey: An Educational Programming Language 1

Salanci L.
Understanding Algorithms and Programming 10

Šnajder Ľ., Guniš J., Gunišová V.
Methodology Design of Algorithm Development Teaching Based on Content Analysis of pupils' Solution 20

Zielińska J.
Applying Algorithmic Reasoning in Education of Children with Hearing Impairments 30

The Spectrum of Programming

Arlegui J., Fava N., Menegatti E., Monfalcon S., Moro M., Pina A.
Robotics at Primary and Secondary Education Levels: Technology, Methodology, Curriculum and Science 36

Csiki N., Zsakó L.
ICT Teaching Methods – Applications 47

Heming M., Humbert L.
Mobile Programming – the Usefulness of Mobile Phones for Teaching Informatics 54

Hodnigg K., Micheuz P.
Spreadsheet Instruction through Simulation. From Empirical Perspectives Towards Didactical Models 64

Effects of Informatics Education in Mathematics

Csink L., Farkas K. 76
Turtle´s Curves

Idosaka Y., Ashikaga H., Kurebayashi S., Kamada T., Kanemune S., Kuno Z. 87
Positive Side Effects of Programming Classes – Especially on Thinking Ability and Mathematics

Siller H.-S. 97
Two Subjects Sharing One Concept Functions as Structuring Principles in Mathematics and Informatics Education

Teacher Education

Boublik V., Glybovets M., Hänßgen K. 109
Expectations and Outcomes of Interregional IT Training for Teachers

Kim J.-H., Kim H.-S., Jang J.-A., B.-W. Kim B.-W., Kim S.-M., Kim H.-C., Lee W.-G. 117
Computer Teachers Recognition and Requirements Analysis for the Contents of Informatics *In-service Training in Korea*

National Perspectives on Informatics and ICT Education

Gruslyte M., Tankeleviciene L. 127
Institutional Approach to Distance Studies: A Case Study

Kim H.-S., Kim M.-G., Kim J.-H., Kim B.-W., Lee W.-G. 137
Development of Educational Contents for Learning DLC

Kubilinskiene S., Kurilovas E. 147
Lithuanian Learning Objects Technical Evaluation Tool and its Application in Learning Object Metadata Repository

Nakano Y. 159
The Contents and the Current Status of the Subject "Informatics" in Senior High Schools in Japan

Author Index 170
